Dear Dr. Henney,	
I am writing to express my concern over the FDA's regulation of genetically engineered (GE) food. I request that the agency's current policies be changed and happen all the points in docket #00P 12T1 CP1	USAV 33
All GE foods should be labeled so I am informed and have a choice.	Commissioner Jane Henney
GE foods should not be assumed to be generally recognized as safe" and should have mandatory pre-market safety testing to determine the long-term impacts to human health and the environment.	Docket No.00P-1211\CP1 1-30 7FDA Dockets Management Branch (HFA-305) 5630 Fishers Lane, Room 1061 Rockville MD 20852
